

1. My butterfly collection, gives me so much pride.
My butterfly collection, makes me warm inside.
I travel the world over, having so much fun.
I doubt I'll ever finish, I'll never be done.
The monarchs, the blues and the yellows, these are beauties, oh, what luck.
Come see my butterfly collection, wedged in the front of my truck.
2. Oh we're headin' for the cottage at the break of dawn.
Got our seatbelts buckled, ready to have some fun.
But Daddy's in a bad mood, and Mommy's really mad.
We forgot a bunch of stuff we were going to take and the dog just did something bad.
Oh we're headin' for the cottage and things are getting worse.
Now my sister started crying and I just heard Daddy curse.
So, I'm starin' out the window, being as quiet as I can get.
'Cuz I don't want my last words to be,
"Are we there yet?"
3. He had cuts all over his chin and his neck and all the way down to his waist.
The doctor went through 9 spools of thread just to put a smile back on his face.
Oh you've never seen such a terrible mess, it was just so awful to see.
It makes one wonder how in the world anything like this could be.
He fought back the pain, propped himself up, and ate some old cheese and a cracker.
And promised the doctor, never again would he try shaving with a weed wacker.
4. The knee bone connected to the head bone,
The ankle bone connected to the wrist bone,
The butt bone connected to the ear bone,
It was the worst skateboarding accident on record.
5. If you find yourself looking for a family pet, I'd say get yourself a hog.
They're warm and their friendly and they won't run away, and they're easier to train than a dog.
'Cause when the time comes and the dog passes on, you'll find your heart is achin'.
But the pain of losing a hog is eased by the bonus of all that bacon.
6. When life has given you a taste of rejection,
Getting a dog is an excellent suggestion.
He'll be your buddy, your servant and your friend.
He'll be there when you're at the end.
He makes you feel better when you're out of dough,
When you've done all you can with the little you know.
No matter how far down on life's ladder you go.
You're dog will always be one rung below.
7. I've got a terrible headache and I've had it all day,
It throbs and it pounds and it won't go away.
I've got tears in my eyes 'cause it's hurtin' really hard.
And if I die right now just bury me in the yard.
I got it from driving that truck of mine,
I've got to wear a seat belt or slow down for the speed bumps.

8. A horse with a horn is called a unicorn.
A horse with stripes is called a zebra.
A horse with wings is called Pegasus.
A horse with a broken leg is called glue.
9. There's a funny little ditty. It's called the "Humming Song".
The "Humming Song" is pretty. But I don't know it.
10. Listen to the words of this very special song.
Da-da-da-da-daaaa-da-da-da-da-da-da.
Listen very closely and then you can sing along.
Da-da.
Pay close attention, it's not as easy as it sounds.
Da-da-da-da-da-da-daaa-da-da-da-daaaa-da-da-da-da-da-da-da-da-da-da.
Da-da-da-daa-da-da-da-da-da-daaaa-da-da-da-da-da-da-daaaa-da-da-da-da-da-da.
11. There are many speedy vessels like ski boats and speed boats and that
Even a flat bottom boat with a 25 horse can get there in nothin' flat.
Sailboats tend to be slower whenever the summer wind stalls.
But a canoe can really get movin' when you accidentally take her over the falls.
12. Oh how smart can you be? You'll never know till you try.
How far can you go? You'll never know till you try.
Are you slow or are you quick? You'll never know until you poke a mountain lion with a stick.
13. Trapper Jack was hunting bear. A dangerous hobby at best.
They brought him back to the doctor in town and he was a heck of a mess.
There was some assembly required, mostly teeth and bones and some hair.
Jack had always been good with a knife, but unfortunately not as good as a bear.
